

**CODDI AND HER FAVORITE MATH/READING TEACHER
AND STATE TESTER
MS. CHRISTY PLOTT**

Christy Plott has been such a blessing to us these past 2 years, especially for our daughter Coddington "Coddi."

We decided to re-homeschool Coddi after a horrifying experience of bullying at a Christian school that did not go well the beginning of her 3rd year into that school. We were able to get her enrolled into Deep Young Academy, that's when we met Christy. We needed a Math, Reading Comp teacher, and a State Tester. We originally used Glenna Toney for 3 years while Coddi was homeschooled from 1st-3rd grades for State Testing.

We were delighted to find out that Christy works with Glenna as a State Tester and tested Coddi in November to see exactly where she was academically. After assessing Coddi, Christy knew exactly where Coddi needed help. Christy retested Coddi in May, just 6 months later. Coddi made leaps of improvements, help her go above grade level in Math and Reading Comp! We were so impressed and overjoyed and we owe that to Christy. Not only is Christy a breath of fresh air for us because of her expertise, but she has helped Coddi overcome her fears of being bullied and helped her rebuild her confidence personally and academically.

Christy has become family to us because she not only puts her students first, but goes above and beyond the call of duty to ensure that our children get the educational and emotional help (if needed) that they need to succeed! Christy has a way to put her students at ease and makes learning fun, you'll see her passion for that the minute you meet her! She's not just an educator, she's a mentor, and has set a wonderful Christian example for our Coddi. She prays over her and loves her. My husband and I wouldn't trust anyone else to teach and guide our daughter academically. Once you meet her, you'll feel the same way!
